

Stencil Films - Screen Filler's - Positives

Films

Indirect Photographic Films

All indirect system photographic films consist of a light sensitive emulsion affixed to a transparent base, or backing sheet with special adhesives.

Indirect films are exposed, developed (except Ulanolux UP3), washed out and then adhered to a screen.

<u>Blue Poly 2</u>	<u>Blue Poly 3</u>	<u>Hi-Fi Green</u>	<u>Ulanolux Up3</u>
40" X 150" \$80.00	40" X 150" \$95.00	44" X 300" \$179.00	<u>No Developing Film</u>
40" X 300" \$129.00	40" X 300" \$139.00		42" X 300" \$156.00

<u>A & B Developer For Photo Stencil Films</u>	Case of Quarts 20 Sets	\$47.50
	Case of Pints 8 Sets	\$19.50

Knifecut Stencil Films

Solvent Adhered Sta-Sharp S3S

40" X 150" \$69.00	Remove Stencil
40" X 300" \$125.00	with #1 Enzyme

For Water Based Inks

Water Adhered Ulanolux Cut

Amber or Green	
40" X 150"	\$75.00
40" X 300"	\$130.00

For Solvent Based Inks

<u>Sta-Sharp</u>
<u>Adhering Liquid</u>
\$39.00 Gallon

CDF Direct Film

The CDF system offers a series of presensitized photographic stencil films. CDF Direct Films is adhered to screens stillwet from the degreasing rinse. Fabric wetness softens the films emulsion, which is attracted (by capillary action) up into the mesh structure. A single squeegee stroke skims off excess water. After drying the polyester backing is removed and the screen is ready for exposure & washout with plain water. Great for shirts using Plastisol inks.

CDF	Rolls	Price
CDF-3	26" X 300"	\$120.00
CDF-4	26" X 150"	\$ 75.00
CDF-4	26" X 300"	\$135.00

Block-Outs and Screen Fillers

Ulanolux #10 Extra Heavy Duty

Thick Blockout

A heavy, non-flammable, water soluble blockout with drying characteristics similar to indirect films, to prevent loss of register.

Quart **\$18.00** or Gallon **\$49.00**

Ulanolux #66 Screen Filler

A non-flammable water - soluble blockout with drying characteristics similar to indirect film. To prevent loss of register.

Quart **\$15.00** or Gallon **\$30.00**

Positives

Casey's Translucency- Positives

For Vellum Positives

High quality vellum like paper designed for laser printers & copiers. Screen printers use this laser printer output as a positive for burning screens. Casey's is also more durable & more stable than other vellums, meaning it won't shrink and wreck your separations. Casey's is designed specifically for use with laser printers & copiers & won't jam or damage your printer.

Size	Quantity	Price
8.5 X 14	250 Sheets	\$85.00
11 X 17	500 Sheets	175.00

Casey's Ultra Black

Ultra black causes toner particles to "fuse" together, making blacks more opaque. Documents treated with Ultra Black not only look darker to the eye, but appear even darker to screen printing exposure units, process cameras, plate makers, scanners and copy machines.

\$15.00 / per can
