

C.P.M. Proof File Jumbo

A custom proofer oversized to accept all plastic file pages so proofing can be done without removing negatives from the preserver. The pressure plate is of thick optical glass for superb clarity. Base is 20 gauge steel with a cushion of dense 130 lb. Compression gray foam. May be used as a borderless easel.

CPM-13210....11" X 12" Proofer \$38.95

Ganz Speed Ez-Els

Make more prints in less time. Paper is inserted at either end eliminating cumbersome lifting and adjusting of border clamps. Non-skid base affords easy anchoring and position changing. Thumbholes permit easy centering of paper at cross bars and removal of paper rim easel after exposure. Critical focusing directly on the easel without eyestrain, due to special Semi-Matte that reflects the image without glare. Sturdy all-metal construction spot-welded for durability. Provides even borders all around (no trimming required) border flange holds paper flat, 8 X 10 – 35mm Format Easel (6 3/8" X 9 1/2" opening) was designed to provide a full frame enlargement of a 35mm negative with even borders without cropping.

Logan Graphic 32" Compact Mat Cutter

Features a retractable blade holder like the more expensive models and used inexpensive Logan razor blades. The grove is 1/2" particleboard base allows for straight cutting. Removable mat guide is always parallel and can be adjusted from 7/8" to 5 1/4". Grooved rail and nylon guides keep cut straight with no hooks or curves. Start and stop lines show where to insert and remove blades for minimal over cuts. Patented support slot keeps the razor blade rigid so the blade cannot flex or waver.

LG-301	Cutter with parallel with mat guide	\$99.95
LG-301S	Cutter with parallel mat guide bevel & Straight heads	\$124.95
