

Polyester Plates

Laser Direct™

Laser Direct™ 5000 series polyester laser plates provide a high quality computer-to-plate solution for small and medium size press rooms. Ideal for short runs and spot color printing. Laser Direct™ plates are directly imaged using a high-resolution, dry toner laser printer (the HP Laser Jet 5000/5100 series printer is ideal). Laser Direct™ plates can be imaged on either side, can print in excess of 10,000 impressions and hold screens of 120 LPI or better.
